

Greening the roadways nationwide. Employee-volunteers from the Manila North Tollways Corp. (MNTC), pause from planting mahogany saplings along the Marilao Interchange to support the “Green Philippine Highways” (GPH) program of the government. MNTC banners demonstrating support for this program of the Department of Environment and Natural Resources (DENR) are posted at NLEX toll plazas. In one day alone, around 500,000 indigenous tree saplings were planted along the major thoroughfares all over the country. MNTC is supporting this DENR-backed program as part of its commitment to the environment.
