

MNTC cites top 30 NLEX users The top 30 North Luzon Expressway (NLEX) users were cited and honored recently by the Manila North Tollways Corporation (MNTC) at the 1st North Luzon Expressway Top Accounts Appreciation Night held at the Teatrino Theatre Lounge at the Promenade Greenhills Shopping Center.

The best performing customers were chosen for the frequent and heavy use of NLEX by their fleet of vehicles. Such usage was monitored on the many times they used NLEX's toll collection badge at the expressway.

Renie Ticzon, MNTC vice president for marketing, cited the companies' "continuing support for the NLEX," and underscored the significance of the appreciation night: "This occasion is MNTC's special way of thanking our customers, and of assuring our support for their respective businesses."

He noted the strong partnership between MNTC and its corporate customers: "You move people and goods, and we at NLEX ensure a seamless expressway, your trips are safe, while your costs are down."

Also on the same occasion, MNTC president Jose P. de Jesus told the honorees and the general audience that the NLEX "will maintain its excellence in service and road quality so we can always exceed the expectations of our customers."

The honorees belong to five categories: public utility buses; freight forwarding and trucking services; fast moving consumer goods; construction, industrial products and supplies; and sales and distribution.

The honorees, who received a beautifully designed trophy and a token from MNTC, were:
